

Pulled / Shredded Meat Machine

Cove SH-1

Features:

Continuous Flow - Simple design allows for continuous processing, unlike small batch machines

No Cutting - Get long muscle fibers without cutting or tearing product!

Food Safety - Sanitation is easy, no tools needed to remove only one guard for high pressure cleaning

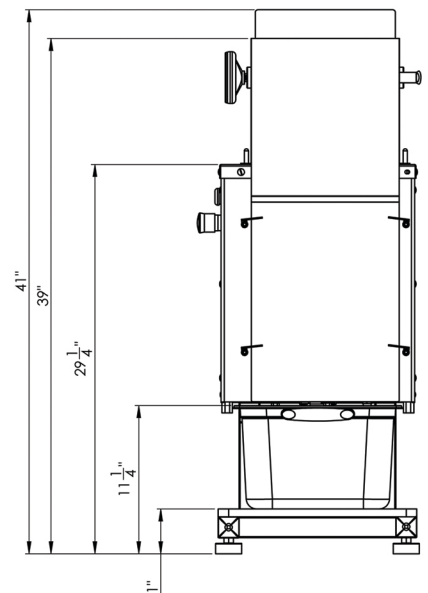

High Capacity - Shreds cooked meat as fast as you can load it. Paddle in-feed was designed for safe operation.

Industrial Design - Heavy-duty stainless components and simple design allows for maximum up-time with little to no maintenance.

ROI is Fast - Leases starting at \$139/Month

Specs:

115V single phase (230V for EU)
CE Approved
On/Off & Emergency Switch
All stainless components
